

CLARIFICATION

Near-Term Guidelines released October 30, 2009

The Draft Near-Term Guidelines for the Delta Levees Special Projects Program were released on October 30, 2009 for public review and comment. On November 6, 2009, Governor Arnold Schwarzenegger signed Senate Bill X7 8 into law, which will provide additional funds for work in the Delta. Currently, we are evaluating the new legislation and plan to address any potential effects to the Special Projects before the Guidelines are finalized.
